Dear Sir

The Anglican Church in Transkei which stretches from the Kei River to Umzimkulu and includes Kokstad and Matatiele at its Synod of November 22/25 expressed its appreciation and encouragement in her voicing out publicly the sinfulness of apartheid and confessing her guilt in whatever she did to seem to be supporting and defending biblically the principles of apartheid ideology.

The members of the Anglican Church in the Diocese of St John's were extremely touched by this brave Christian Act.

Wishing you the best.

Sincerely Yours in His Service
